Definitions:

Printed Schedule: Refers to the physical, paper schedule mailed to households in the community by the San Diego Community College District.

Whereas accurate and timely information dissemination is critical to student success and

Whereas sections offered, times, days, dates and faculty assignment influences students' class schedules and

Whereas currently the printed schedule is inaccurate even before the printing is completed/mailed to current and potential students and

Whereas the printed schedule creates an erroneous picture of course offerings at Mesa College and

Whereas the inaccurate information creates scheduling problems for students who think classes will be offered at times, days, dates and with faculty that have been changed through the normal scheduling process and

Whereas the deadline for the printed schedule places early and undue pressure on scheduling chairs, deans and other members of the college community and the requirement of Change to Master after the printed schedule deadline created additional paperwork, disrupts work flow and productivity and

Whereas a student cannot register for classes in the San Diego Community College District without access to the internet and

Resolved:

Be it resolved that the printed schedule be replaced with printed marketing and outreach materials.
