3. Acceptance of Agenda

Talor moved to place the discussion item before the reports section of the agenda. The motion was seconded By Michael and carried.

4. Acceptance of Minutes

Max moved to accept the minutes; Breonnie seconded. Passed unanimously.

5. Public Forum

- a. *Three minute maximum per person.*

Jordan: Representing the Rocket Club on campus.

6. Reports

- a. *Three minute maximum- each Associated Student Senator and Executive Member will provide reports from their committees and event planning.*

Miranda: Remember that spring class schedule will be available on October 19th. Room SB 119 projector is not working. Pep rally is next Wednesday; you can wear either polos or costumes.

Bryan: Districts have different approaches for our administrative procedure 7400, which is the travel procedure for students. Wording includes that money will be covered for travel, etc. but not upgrades. Realized unfortunately that this year, travel authorization was denied because when you are buying a ticket, you must select a standard seat which is considered a “upgrade.” Becomes problematic because we want all students to sit with each other. Asking the district to reevaluate how they implement that policy. Looking for one student to represent us for the resolution.

Jiayu moved to extend the meeting time to 10 more minutes. Max seconded; passed unanimously.

Jiayu: Looking for volunteers for lemonade stand for my Senator project. If you are interested, let me know directly after the meeting. Will occur when there is a heat wave.

Christian: Passing around flyers and need a couple of volunteers for “Pizza for Purpose” project.

Julia: Thinks it’s a good idea to create a TikTok account to advertise ourselves to more people.

**7250 Mesa College Drive, I4-409
San Diego, CA. 92111
(619)-388-2699**

Stephen: Pep rally is next week; I have put the form out for people to sign up. Volunteer hours will count towards Honors if needed.

Vicki G: Tomorrow is the safety fair; volunteers are still needed from 11am-1pm. We went over the setup for the pep rally and worked on the volunteer list for that as well. Need people there before 12:45pm. Please let me know if you cannot make it before 12:45 p.m.

Francesca: Went to the first Budget Allocation committee and talked about the budget process and ways to improve understanding and development. I am also the new Vice President of Business club, let me know if you are interested in joining.

Victoria Miller: October 30th is the leaders conference being held on campus, please RVSP if you can.

Leenoy: Attended the Strengthening Success Conference last week in Anaheim and saw President Hands and Professor Wendy Smith. I spoke on a student panel with 4 other students. Was a great opportunity for faculty to listen to what students actually need and what works for them.

7. Discussion Items

a. Fifteen-minute maximum per presentation, time permitting

1. ASG will discuss Measure HH, including plans for additional buildings, renovated facilities, and new campus spaces.

Sam: Bond Director for Measure HH. Project got approved in 2024. Majority of 3.38 billion dollars that's going into Measure HH is going into San Diego Mesa college. Two big projects that are getting approved: Athletics complex – 2 new gyms 1 for competition, a new sand volleyball area, 3 new dance studios and a new performing arts building. Will be a new Administration office and Parking structure as well as a new theater with 300 seats. New space to host the World Art Gallery, right in the center of campus. 400 new parking stalls, 6 and a half new parking structures.

Max: Will other parking structures be renovated?

Sam: Yes, with funding by Measure HH.

Sam: Will start construction on the parking structure next Summer 2027, expected to be completed by early Spring 2029. Will be continuously working on construction for the whole process until 2032.

Steve: Project manager for Measure HH. Shared that the lot by the I-400 building will be impacted heavily during construction.

**7250 Mesa College Drive, I4-409
San Diego, CA. 92111
(619)-388-2699**

Nicole: Faculty should find ways to support students for parking at that time.

Sam: Agreed.

Victoria Miller: Will find ways to make that happen.

Sam: The athletics complex is taking half a billion dollars' worth of work. We are renovating the stadium and extending the bleachers and changing the side of where the “home side” is located. We are putting in a new aquatics center; 900 people are able to watch. New beach volleyball sand courts, new softball and baseball areas and a new throw park – will be replacing the 150-stall parking lot.

Ryan: Will the gym be open to all students, not just workout classes/athletics students?

Steve: We aren't entirely sure, but we will make sure to pass this note.

Sam: New Student Success Center where you are able to talk to counselors and just for students to work and get support. Will start construction on athletics complex in 2029 and expected to be completed by 2031. Design center renovation will be starting construction at the end of this year and will take about a year. Construction from now to 2034 for the whole process.
